

Procedures for Obtaining Supplies

MN Department of Transportation (MnDOT) District 3A Maintenance

For additional trash bags, groups pick up their supplies from a District 3A Truck Station. Group contacts located outside of District 3A's boundaries, please contact the Adopt-A-Highway (AAH) Coordinator to make arrangements for supplies to be shipped. (Please note a street address is needed in order for the supplies to be shipped.) For additional/replacement vests, please contact the AAH Coordinator directly. **Vests are not available at the truck stations.**

1. *The Brainerd / Baxter Truck Station is located in the District 3 Headquarters building. **It is the ONLY truck station that is always staffed Monday thru Friday** (except holidays), 8 a.m. until 4:30 p.m. If stopping at this truck station, please arrive by 4:15 p.m., as the building automatically locks at 4:30 p.m. Groups may call ahead but it is not necessary since the Headquarters' receptionist will be able to assist you.
2. If stopping at any of the truck stations other than the Baxter / Brainerd Truck Station, **please call ahead and make arrangements to pick up the bags.** In the summer, the majority of the truck station personnel work four ten-hour days (Monday -Thursday) and are at the stations very early in the day or late in the day. The majority of the truck stations are not staffed on Friday.
